

TRAVEL SAFETY TIP

Kudu spotted near R24 road between Rustenburg and Magaliesburg

Platinum Health members are advised to take care when travelling on the road between Rustenburg and Magaliesburg, more specifically between the Boons and the Naauwpoort turn off's, as kudus have been spotted near this road at night.

Kudus move around and are not restricted by fences. Kudus also move toward the light of vehicles making it extremely dangerous.

Please be alert at all times, especially at night, and reduce speed when travelling in this area.

Rather reach your destination 10 minutes later, than never!
