

**PLATINUM
HEALTH**

Is your child dependant studying away from home?

If your answer is yes, then you need to notify us of your child's new residential address!

For example, if you stay in Polokwane and your child studies and stays in Potchefstroom, you need to notify us of your child's new residential address.

This will ensure that your child enjoys all the medical scheme benefits he/she deserves, in the area he/she stays!
