Whilst at Redimed24 she completed a dispensing course to enable her to register for a dispensing license.

Commenting on her appointment, Dr Zena said: "I found a quote recently that said: 'Global Healthcare is a Team Effort'. I've only been at Platinum Health for a little over two weeks, but I am already so excited to be part of a team that genuinely strives for clinical excellence and that prioritises the health and wellbeing of both patients and staff. I am so excited to be starting my journey here and I am so grateful for the opportunity."

Congratulations and all the best!
