

COVID-19 Vaccination Site at La Femme Hospital will close on 15 December 2021

PLATINUM
HEALTH

Platinum Health (PH) members residing in and around Rustenburg should note that the COVID-19 Vaccination site at La Femme Hospital will close on 15 December 2021.

With the new Omicron variant in our midst and COVID-19 cases rising rapidly, it is extremely important to get vaccinated. PH therefore urges members who have not been vaccinated yet, to do so as a matter of urgency.

La Femme Hospital is situated on the corner of Heystek and Church Streets, Rustenburg.

Members should bring their ID document and Membership card with when visiting La Femme.

The vaccine is our best defense against becoming severely ill or dying should we become infected.

Please don't wait, vaccinate!
