Tell us why they chose to vaccinate

Dr Thendo Mawela - GP at Amandelbult

Why I vaccinated....

The only proven method to reduce my chances of death and being hospitalised is through vaccination.

I vaccinated to be able to continue to be a bread winner, healthcare worker and to enjoy my life.

Dr Karen van der Merwe - GP at Amandelbult

Why did I vaccinate...

- Because I am tired of feeling scared.
- Because I want to be able to see and hug my loved ones.
- Because I want to see your smile.
- Because I want to invite my close friends for a shared meal.
- Because I want to be in a world without masks.
- Because I want the sorrow Covid brings, to end.
